

# Engaging All Learners In The Middle Years Webinar Series

Greater Victoria School District would like to invite educators in BC to join in a shared conversation about **engaging all learners in the middle years**. This **three-part webinar series** will be hosted by **Dr. Leyton Schnellert** with a guest appearance by **Shelley Moore**, and visual representation by **Kristen Weins**.

Districts and schools are invited to **gather a team** of educators to **live-stream** the event together in local groups. Our goal is to facilitate meaningful, practical and local conversations while simultaneously furthering a Province-wide dialogue. Some of the footage may be archived for future use.

## Key topics for discussion will include:

- self-regulated learning
- varied and on-going assessment
- challenging, exploratory, integrative, and relevant curriculum
- learning and teaching in multiple ways
- valuing young adolescents
- developing identity and voice
- valuing and embracing diversity

Thursday, November 28  
Wednesday, February 19  
Wednesday, April 1

3:45 pm - 5:30 pm PST
