

Gr. 1 Proficiency Scale for Oral Language				
Performance Standards & Writing Traits	Emerging: The learner demonstrates an initial understanding of the concepts and competencies and requires ongoing support that directly relates to the learning standard.	Developing: The learner demonstrates a partial understanding of the concepts and competencies and requires some support that directly relates to the learning standard.	Proficient: The learner consistently demonstrates a complete understanding of the concepts and competencies at an independent level.	Extending: The learner demonstrates a sophisticated understanding of the concepts and competencies and goes beyond what is expected.
*** Universal supports are accessible to all learners with the goal of removing any barriers. They allow students to demonstrate their knowledge, skills and understanding of a particular learning standard or competency.

*Tier 1 vocabulary words – basic vocabulary - words that frequently occur in spoken language

Tier 2 vocabulary words – words that are found in written language in the classroom and are useful across many different content areas. These words have high utility for students and should be the focus of explicit vocabulary instruction

Tier 3 vocabulary words – content-specific words that are generally specific to a particular content area and have less broad utility for students
